Foreword

A yearbook is a collection of meaningful ideas, many long hours of toil, and a lot of fun. The 1972 O-AT-KAN, fitting well these characteristics, has one purpose which is to bring you, the reader, a truthful picture of the school year. The editors and staff have worked hard to compile both common and unusual aspects of school life through the use of pictures, format and copy. Since each reader is unique, it would be impossible to create the perfect yearbook. It is therefore the hope of the staff that each reader identifies with at least one item in this book. If this is achieved, all of the work put into this O-AT-KAN will have been worthwhile.

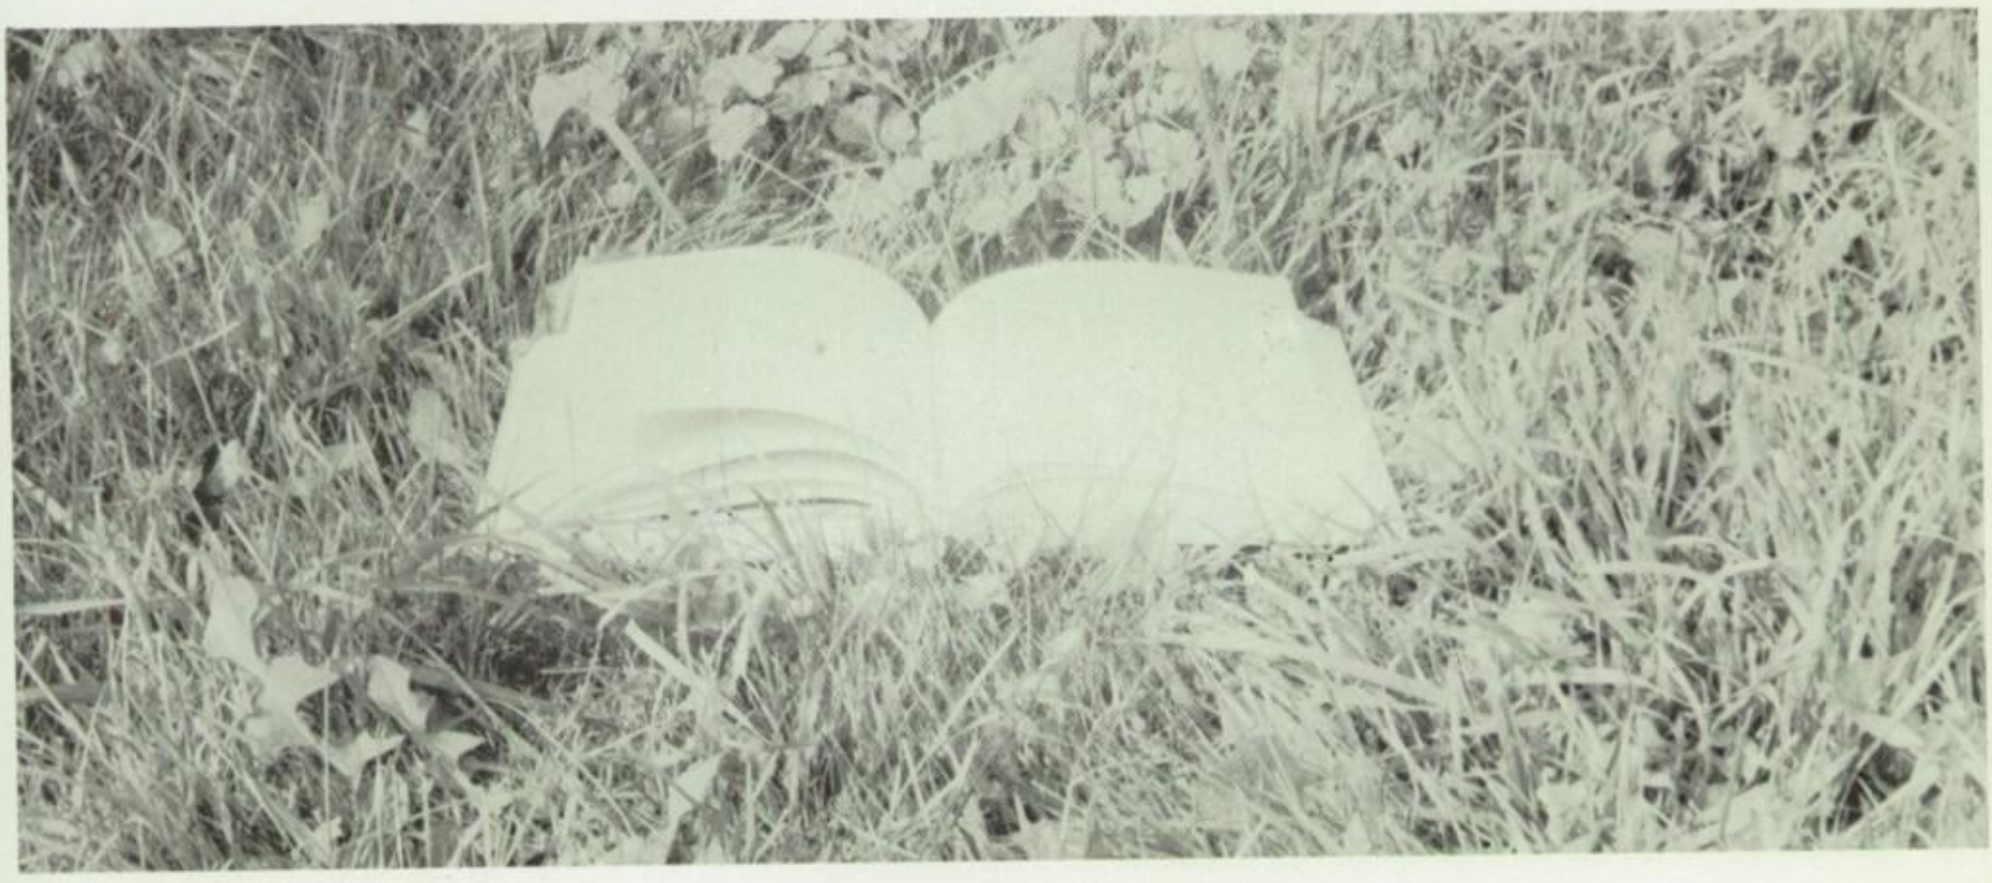
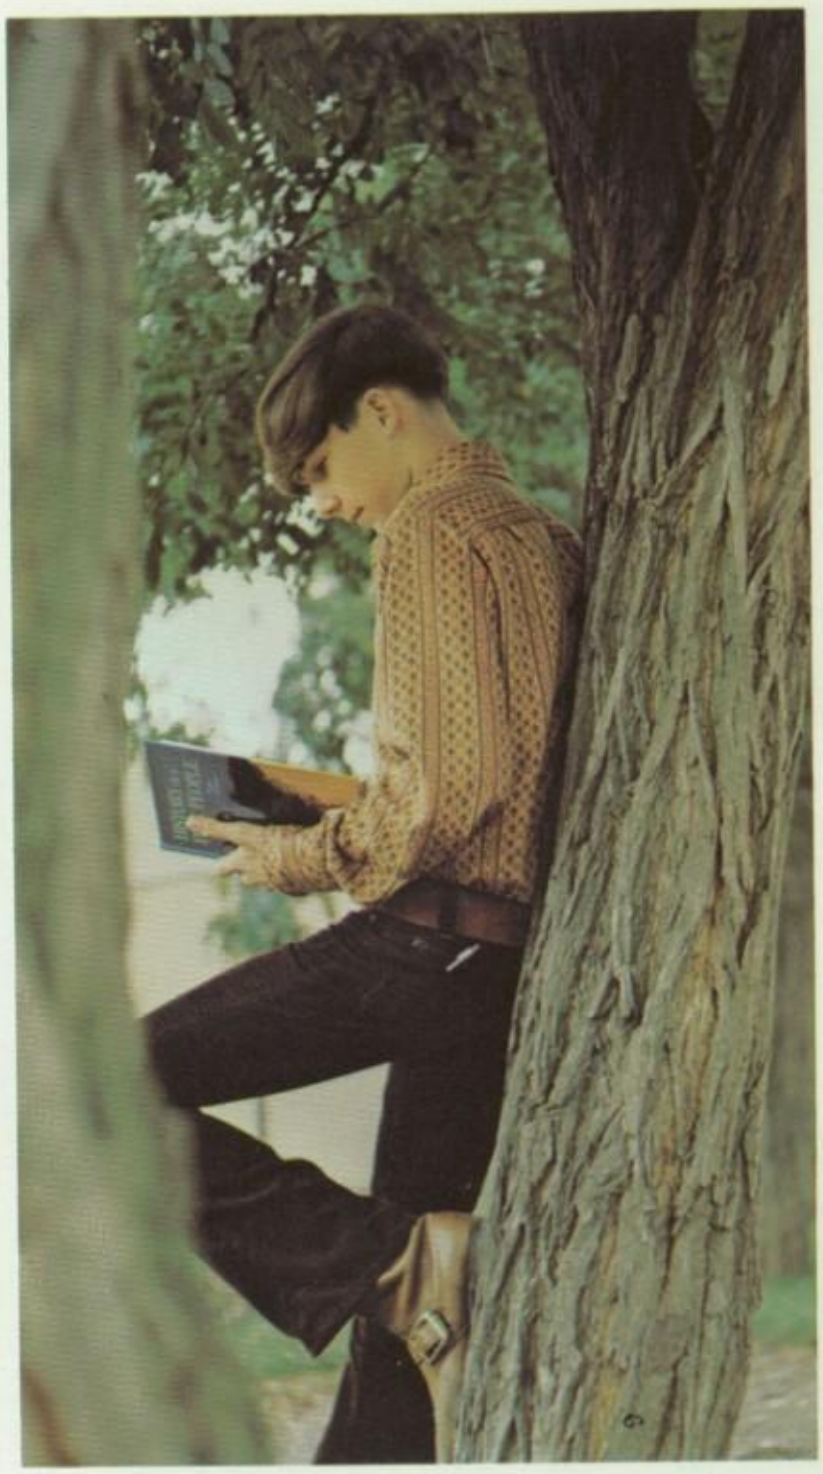
Theme

Our lives are a total of many experiences and ideas that have left an impression with us. The activities we participate in, the friends we make, the education we acquire; all of these leave an imprint, large or small, on our lives through our thoughts. Many of these sentiments will fade and disappear in time, but others will remain as lifelong memories. For this reason we, the editorial staff of the 1972 **O-At-Kan,** chose **"Yesterday's Imprints, Tomorrow's Memories"** as our theme. We have attempted to capture both the common and the unusual happenings that we believe leave the greatest imprint on our lives. Each student receives much from the academic life as he progresses through his high school years and also leaves behind a small part of himself.

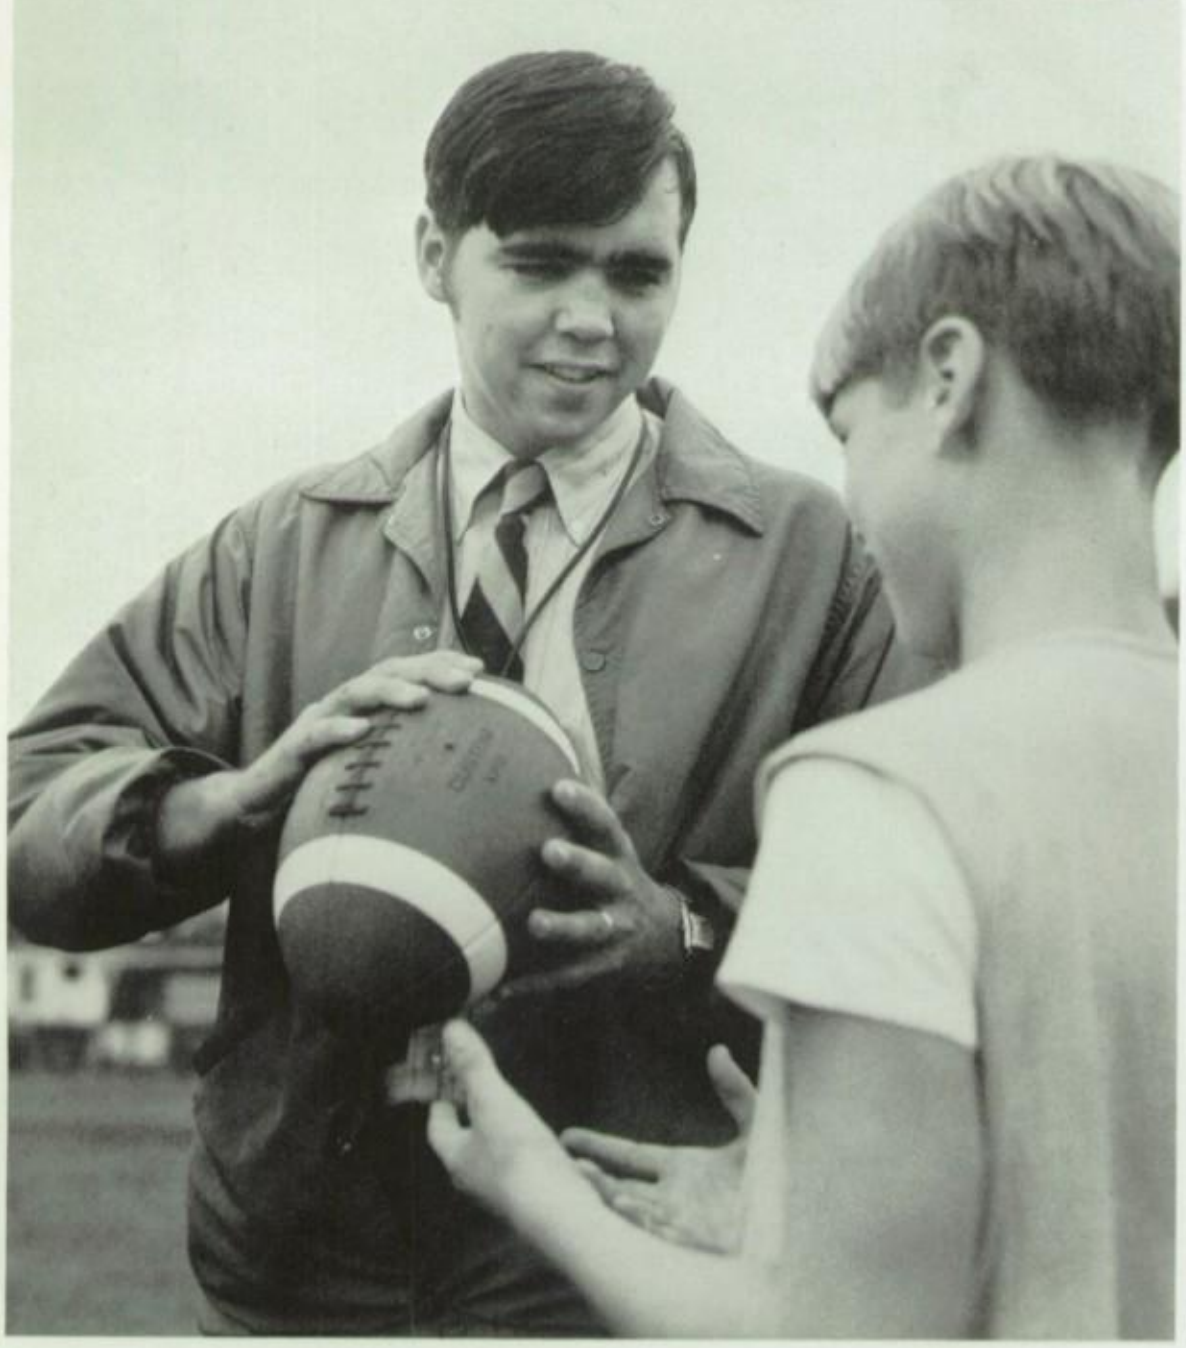
It is our desire that this the 1972 **O-At-Kan** contains those imprints that make your memories invaluable.

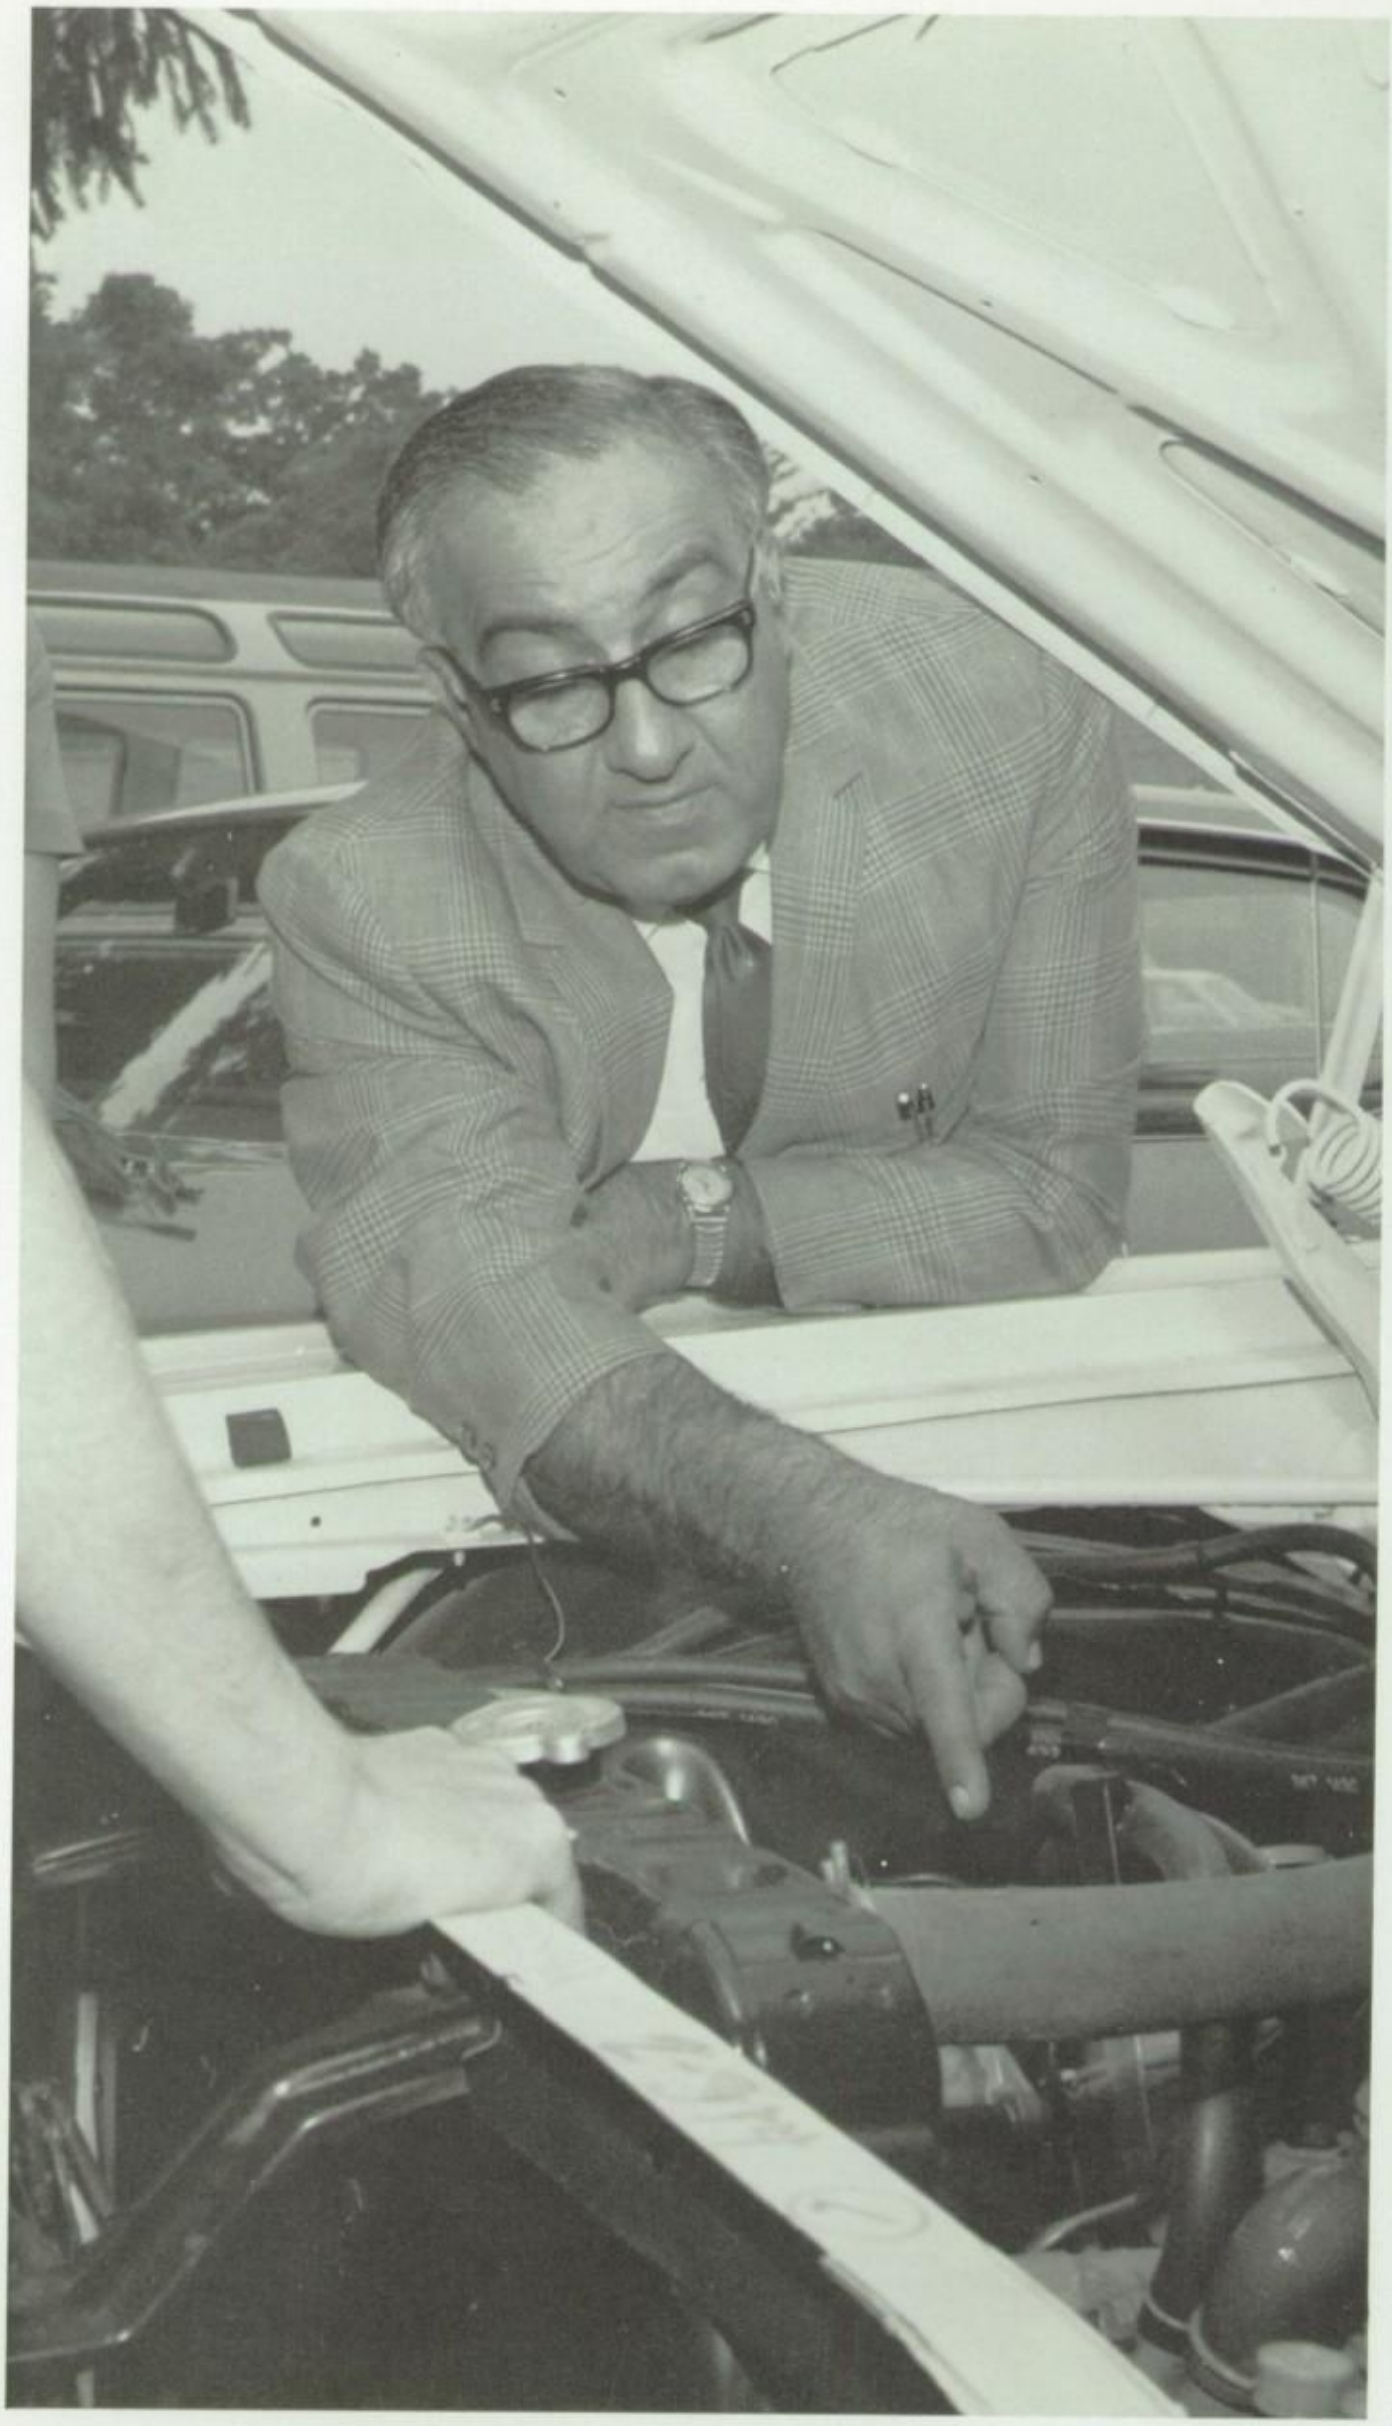


Yesterday's Imprints



Tomorrow's Memories





Who is Mr. Simon? This is a question no one needs to ask. Everyone knows and loves the man with the winning personality and cheerful disposition. "Si," as he is commonly called, gave unselfishly of himself to help the students of our school to become safe and qualified drivers. He has made teaching more than an occupation, he has made it a way of life, and we here at LeRoy High are at a distinct advantage because of him. His patience and understanding, along with the untold hours of personal involvement with his students, makes him a unique and very special teacher.

For all of these reasons and so many more, we, the **Class of 1972,** with great respect, admiration, and fond affection, take great pride in dedicating this **O-AT-KAN** to you, **MR. THOMAS SIMON.**

High School Dedication

Grade school has made a valuable impression upon each of our lives. It was here that we were confronted with our first major experience in working with other people. Our creativity was constantly encouraged and our intelligence tested. **Mrs. Florence Steverson** stands out vividly in our minds as a teacher who not only emphasized academic learning, but also made time for stimulating projects which taught us to think and cooperate with each other. Her contagious enthusiasm inspired us daily to give our best in everything we did. Her gentle wit, kind understanding, and profound dedication, as well as the sincere interest she has shown in each of us individually, has won for her a special place in our hearts. It is with loving respect and a great degree of pride, that we, the members of the Senior Class present this dedication to **Mrs. Florence Steverson.**

The District Office

Board of Education

Due to the fast growing student population in Le Roy one of the major activities in the Board of Education's year was the study of future enrollment plans. The possibilities of additional school buildings were investigated by a committee of interested citizens established by the Board.

The Citizen Planning Committee, consisting of members from the school district continued to take an active part in the evaluation of all phases of school life. To further promote good sportsmanship in LeRoy a Superintendent's Award was instituted for the first time this spring. Selection for the award was a result of a vote by the student body for the one individual who demonstrated outstanding qualities of sportsmanship both on and off the athletic field.

Dear Class of 1972,

I am sure that in the years to come you will look back with a great deal of nostalgia to your high school days. As your theme says, "Yesterday's Imprints, Tomorrow's Memories," the associations you have had with your classmates, your activities, your ups and your downs, will be relived once again as you read through your "O-at-kan." As important as you think your yearbook is to-day, I know it will become increasingly important to you as the years go by as the classes who have gone before you will verify.

I hope that most, if not all, of your memories will be pleasant ones; and one of the great joys of your life will be your place as a member of the Le Roy Class of 72.

To the class of '72

This year marks the end of an era in your life. For the past thirteen years you have been preparing for this next step towards your future. As you approach graduation this yearbook will become your record of the present year, and will also reflect for the underclassmen the experience and achievements which will become their yesterdays. To you this book will be especially important, for it will portray classmates, teachers, and events for you to reflect upon in years to come. The administration and faculty trust that your memories of Le Roy High School will be pleasant and that the influence we have been upon your individual futures will result in many successful tomorrows. Good Luck and Godspeed.

Guidance Department

College applications, schedules, job opportunities, and scholarships composed this year's Guidance Department. Seniors and their parents participated in a very successful "Seniors Night" whose purpose was to provide information on the financial aspects of college. The guidance bulletin board continued to aid Seniors by constantly providing updated information on post-graduation plans.

As in the past, students in grades 7-11 met with their respective guidance counselors to plan next year's curriculum. In addition, an orientation session dealing with their upcoming high school years was held for eighth graders.

English Department

In today's "mass media environment" English teachers are constantly faced with the problem of stimulating students in the area of communication. New audio-visual aids and musical recordings served as one approach in solving the problem this year. The development of creative writing abilities proved important in English 10 Classes; Juniors gained background in literature by reading about traditional authors and their works. English 12 classes traced the development of English literature throughout history. The fundamentals of English were stressed in junior high classes.

New books of selective readings were offered to social studies students, this year, as an additional approach to their studies. These books, adjusted to the different academic levels, presented the many phases of the social studies curriculum.

In the political science area, field trips, guest speakers, and video-tapes, such as the "Kennedy-Nixon Debate," were interesting additions to the program. Students were also fortunate to view Mrs. Kathleen Sartini's personal slides of Italy, that represented each period in European history. Model Congress and Model U.N. were again offered as extra-curricular activities for interested students.

The use of tape cassettes heightened junior high students' classroom discussions, while library research and book reports augmented their studies.

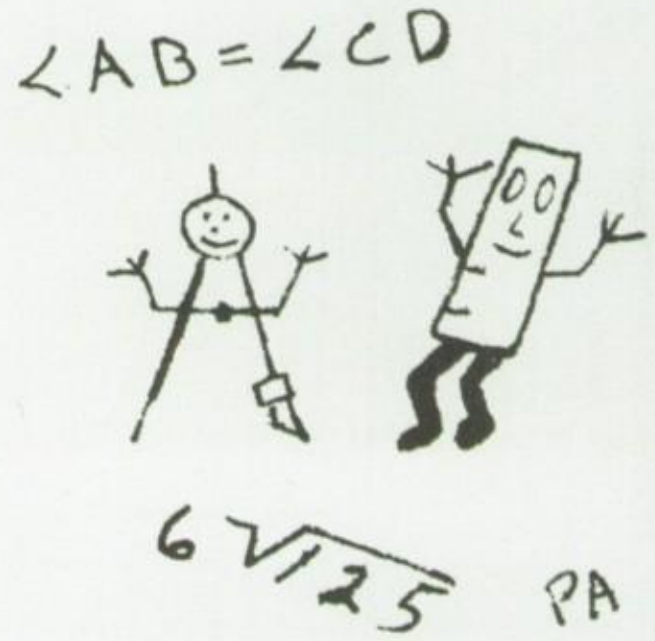
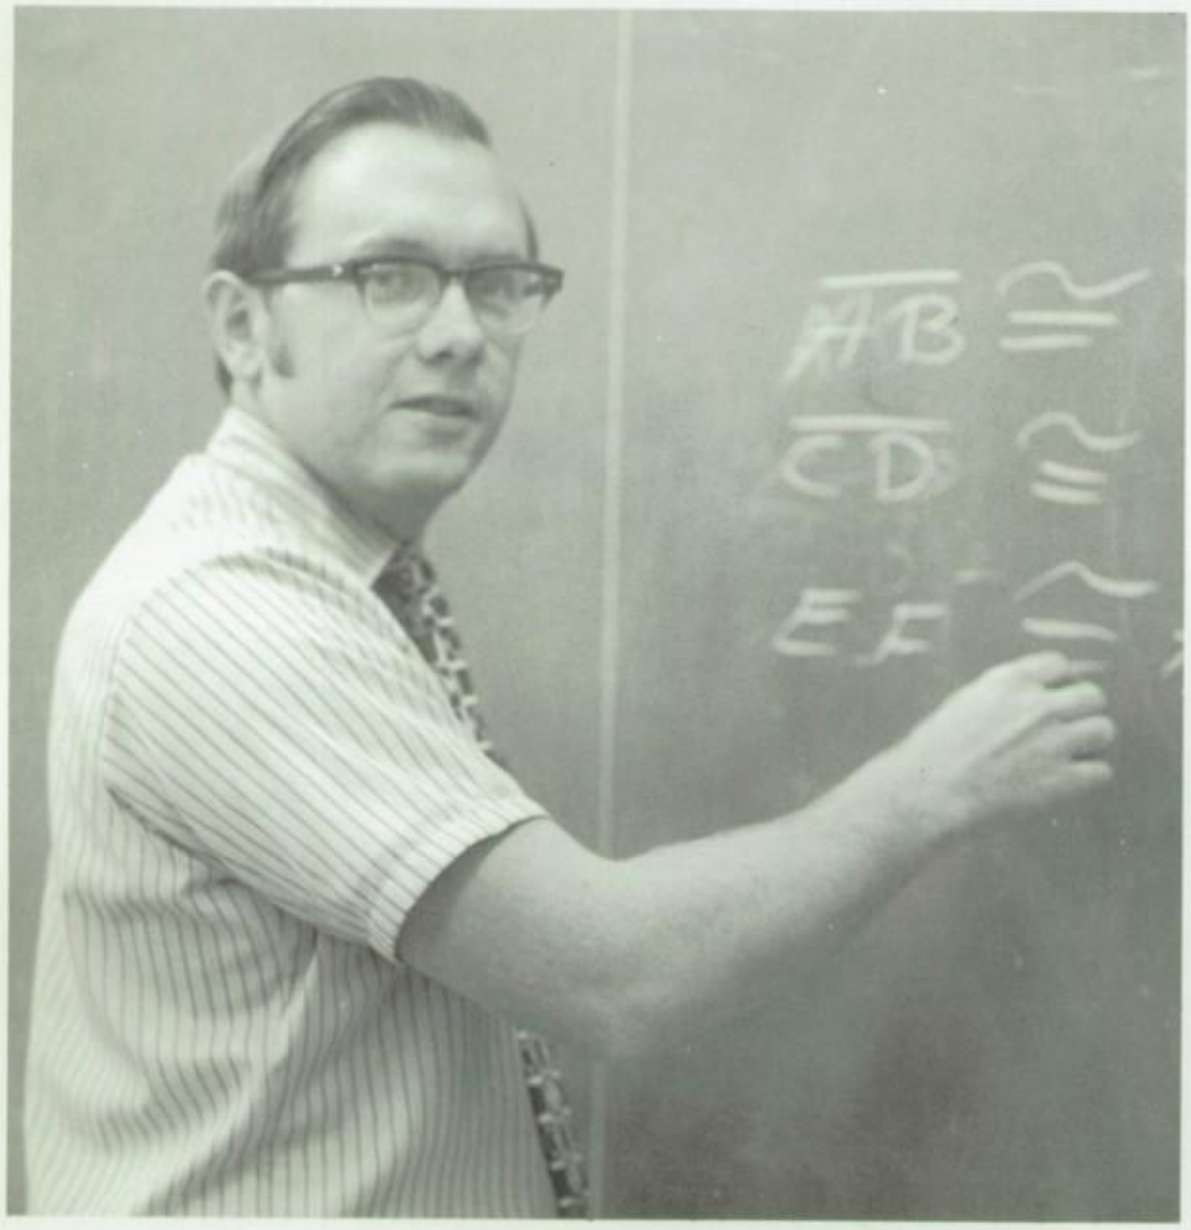
Cube roots, ratios, addition, decimals; these were only a few of the terms facing math students during 1971-72. Junior high students were introduced to the basic concepts of high school math courses. Math 12 was again taught as an elective for college oriented Seniors, which included analytic geometry, basic calculus, and advanced algebra.

Interested students in grades 10, 11, and 12, upon completion of after-school classes, were eligible to participate in the 23rd annual Mathematical Contest.





"I think I goofed!"

"You got me that time!"

Science Department

Finally, some peace and quiet.

The innovation of new techniques, materials, and courses in the Science Department created new interest for many students this year.

After an absence of two years a lab-oriented class of general physics was offered. Instruction in the use of a slide rule entered the curriculum as an afterschool class and was designed to help students in both science and mathematics. The biology labs were bio-chemically oriented, thus giving students more of a chance to observe living matter. New equipment was added to the department to assist the student in making scientific concepts easier to understand.

Languages

Foreign customs, added to the fundamentals of grammar and pronunciation, broadened the scope of the language department this year.

French classes had the opportunity to see a French movie. Latin students were frequently enlightened to the famous Roman myths. Room 202, brightened by a colorful bulletin board of Mexican souvenirs, provided the setting for Spanish classes. A Spanish IV class returned after a year's absence for those students who had successfully completed the Regents examination. In this, students were able to read various examples of literature and research outstanding characters in Spanish history.

"Silly Girl"

"I won't say it for the girls' sake."

Business Department

The addition of two new members brought again to three, the number of faculty in the Business Department. Their combined education and broad experience was used to meet the varied needs of business students this year.

General business students developed office management skills by creating personal budgets. Once again, office practice girls applied their classroom learning and gained realistic office experience through assisting faculty members. The ever-increasing popularity of data processing and its importance to industry was emphasized in the bookkeeping courses.

Miss "Sticks."

Team sports played a major role in the Physical Education Department this year.

Football was played for the first time in the girls' classes while soccer and touch football headlined the boys' classes last fall. Basketball, gymnastics, softball and other team activities filled the remainder of the year. A new Swedish vaulting box and a suspended trampoline belt were valuable additions to all classes.

A recent innovation in the girls program was the introduction of interscholastic competition among area schools in soccer, basketball, and volleyball.

Industrial Arts

The Expert Touch.

"You'll learn Tom . . . someday!"

Various new projects, ideas, and courses were introduced to the Industrial Arts Department this year. The construction and/or repair of such items as mini-bikes, go-carts, hover crafts and a small garden tractor took place in the shop classes. For the first time at LHS an architectural drawing class was offered, in which students learned basic techniques by drawing building plans and constructing scale models from them. Technical drawing, extended into a two-year course for grades 10, 11, and 12, provided needed preparation for those students considering the profession of engineering.

Home Economics

Grace Leanen — Buffalo: Adv. Study Brockport. Home Ec. 7, 8, 11, 12.

Pins and needles, ingredients and measurements, "spiced" with guidance in getting along with others; these components made up this year's Home Economics Department.

The basics of cooking and sewing were emphasized in junior high classes. Junior girls explored the various types of textiles through actual experience in sewing. Home Economics 12 consisted of discussions on marital and family relations.

Martha learns the basics of design.

Art Department

Creativity and imagination sparked enthusiasm in this year's art classes. In an attempt to emphasize individual ingenuity, students undertook projects ranging from weaving to "pop art" sculptures.

A spring art festival produced by the department, introduced students to the many phases of art.

Paula Hermance — B.S. Nazareth College of Rch. Art. 12.

Music Department

An active and varied year was experienced by the Music Department.

Oatkanaires, Girls Chorus, and the Junior High Chorus composed the vocal division of the department and presented their annual Christmas and Spring concerts to the public.

Both the Junior and Senior High Bands performed for the student body as well as the public. An awards merit system was reinstituted in which students received points for music oriented activities.

The highlight of the year was the presentation of the annual musical stage production in which the entire department participated.

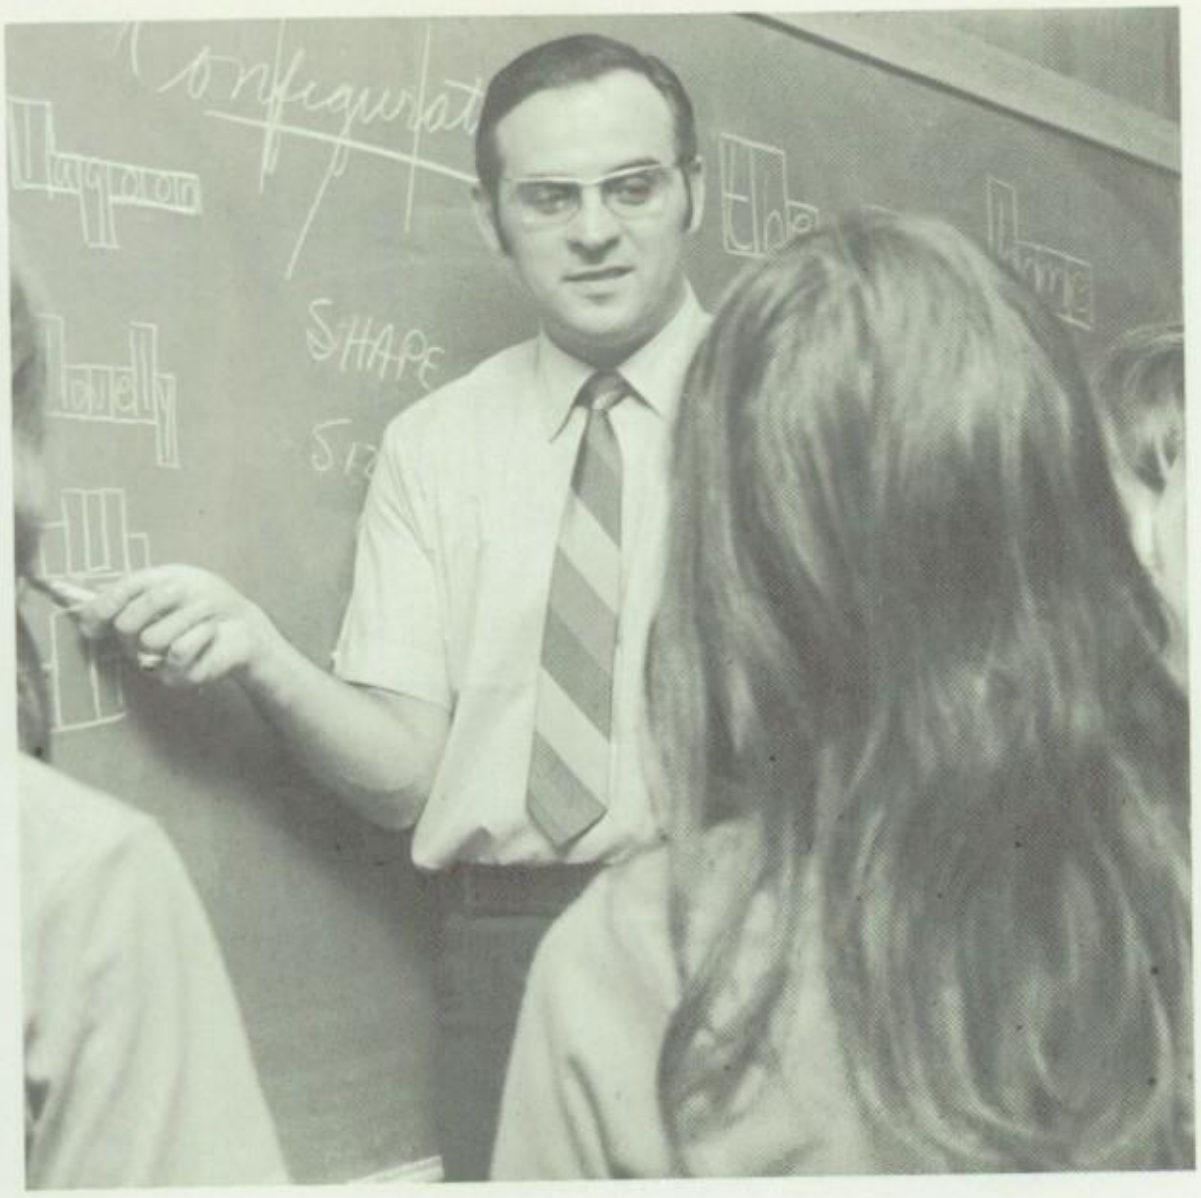
Departmental Reading



. . . and the little 'e' lives here."

Thomas Norczyk — Brockport. Departmental Reading Specialist.

The ability to read and comprehend is one of the fundamentals of education. This year's Departmental Reading program, under the direction of Mr. Thomas Norczyk, worked to broaden and develop the reading skills of LHS junior high students, thus preparing them for their future high school years. In addition to the basic skills, eighth grade students were introduced to the areas of critical and speed reading.

The Departmental Reading program was very fortunate in having relatively small classes so that more individual attention could be given to the students.

Driver Education

Thomas Simon — Notre Dame. Adv. Study. Ithaca College. Driver Ed. **Coaches:** Bowling.

Congested highways, faster automobiles, and a strong desire for safe driving habits have placed a growing importance on Driver Education in the school's curriculum. Juniors and Seniors, who participated in the half year course, drove from 300 to 400 miles each and gained experience in stop and go traffic, as well as expressway driving. The training was further enhanced as the students learned to drive automobiles with both automatic and standard transmissions. Road work was supplemented by 30 hours of classroom instruction during after-school sessions. These classes informed students on the basic rules of safe driving and were frequently highlighted with guest speakers.

. . . crumpled papers, copy edited and re-edited, kool-aid cups and cookie crumbs scattered about, a pica ruler here, pictures hither and yon, index, rough drafts, a thousand of them, typewriters clicking, bewildered "Oh no's" coming from one, "I lost it!!" helplessly spoken from another, "I'm quitting" declared by several . . .

These were but a few of the many sights and sounds denoting the final deadline of the 1972 **O-AT-KAN.** To think it all started many months ago with the tedious job of selecting a single theme. It seems almost impossible that we have come this far and have finally completed the book.

Of all the organizations, clubs, and associations of the school, the **O-AT-KAN** is the one that requires more talents and virtues of a person than any other. You must be a typist, a poet if necessary, a photographer, a designer, an editor. Yet besides these, there are the little things like patience, determination, sincerity, imagination, and many, many hours of dedication to a book that, until June, is almost entirely a figment of your imagination.

Few can comprehend the time and labors put into the 192 pages within these covers. But those who were a part of the publication know it **was** an accomplishment, however, small. Perhaps it is somewhat a thankless job, yet each and every editor and staff member feels within himself a satisfaction he alone may enjoy.

Aside from the students' efforts and the chief editor's ability to hold them together, there is one most important factor behind the production of the yearbook, the leadership of the advisor — Mr. "K." Without his enthusiasm and sincere interest this book would have been impossible.

The **Red and Black** provides the student body of LHS with an opportunity to express their individual literary talents. The editors of the paper were presented the challenge of writing, editing, laying out, and publishing the students' works. This was done under the capable advisory of **Mr. Rehor.**

This year, unfortunately, the **Red and Black** met with difficulties. Several attempts were made to clear those differences but they proved unsuccessful. Due to this, publication of the newspaper was delayed until late in the year.

To the dismay of the student body, the school newspaper was unable to perform its usual function as an outlet for personalized expression. It is sincerely hoped, that next year the **Red and Black** will return as a functioning organ of the school.

The purpose of any school governing body is to act as a bridge between the student body and administration. At LHS, it is the only example of a representative government. Each class voices its opinion through the President, vice-president, and homeroom representatives. In keeping with the main theme, as stated above, an advisory committee was formed to write all working parts of the school. Among the projects undertaken was the selection of a new school ring, and contributions to the Peace Corps school which is to be built in an underdeveloped country.

Varsity Knights Capture Livingston Title

Under the direction of Coaches Santini and Gurrant, the varsity gridders posted a 7-1 record. The pressure mounted on the team throughout the year. After four years without a victory over Caledonia, the Knights convincingly smothered the Raiders, 32-0.

Seven LeRoyans were named to the All-County team and Quentin Call was awarded a position on the Greater Rochester honorary team. The co-captains were Paul Wallace and Brian Pangrazio.

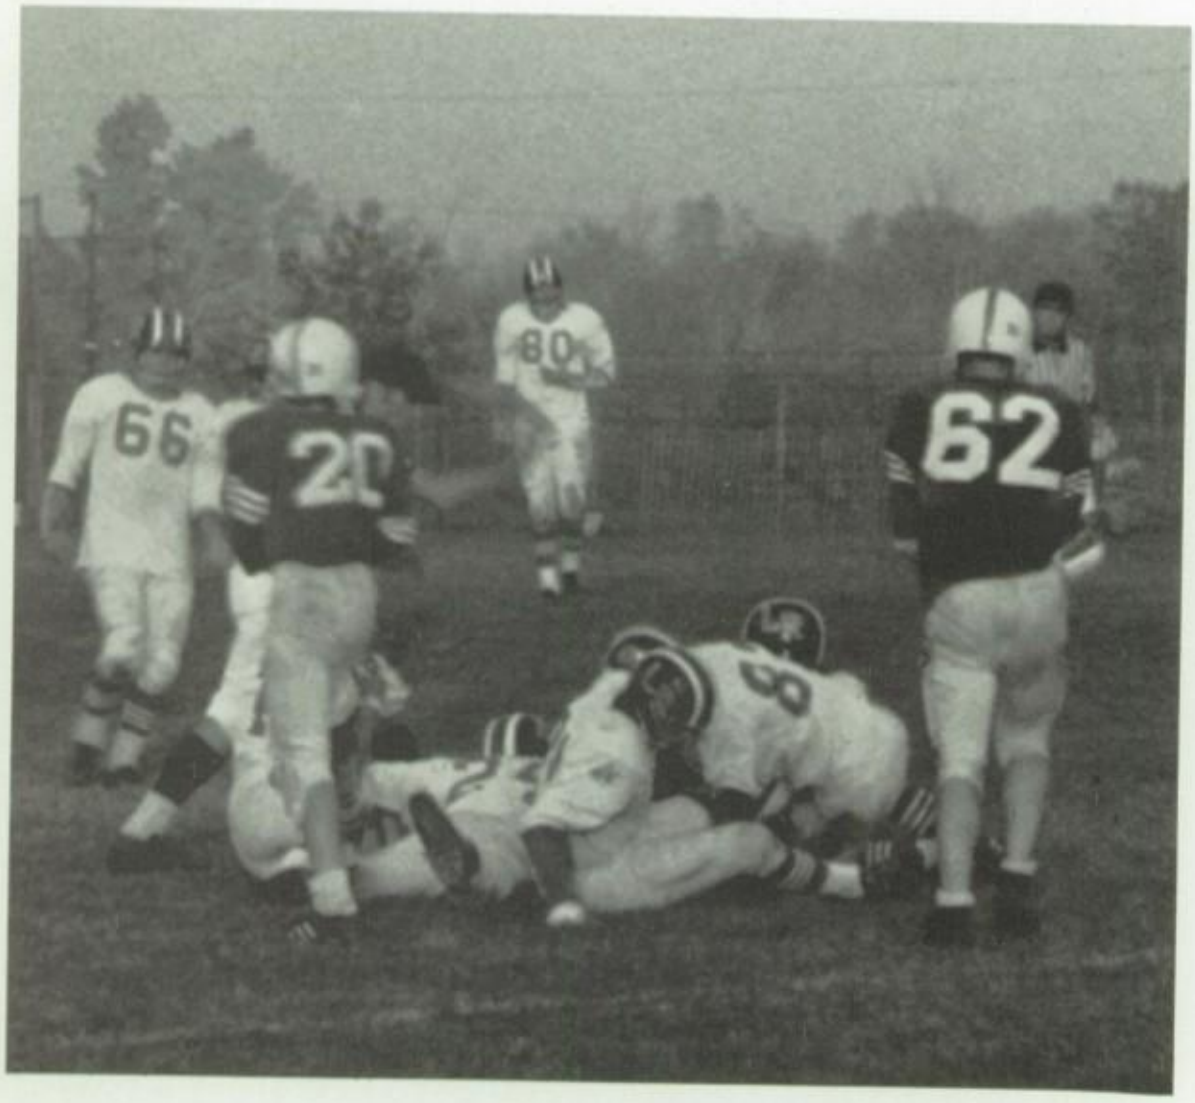
Junior Varsity Undefeated



Defense stymies Indians.

The JV Knights opened their campaign with a hard fought victory over Avon. The traditional game with Notre Dame was tension mounting, but the awesome ground attack of the Knights was too much for the Irish. LeRoy brought a 6-0 record into the Caledonia game which saw the Junior Knights on the winning end of a 14-8 tally.

The team was engineered by coaches Sullivan and Reed, with Dan Miller, Dave Shaughnessy, and Steve Paganin displaying a fine running game.

Varsity Cagers . . . "Numero Uno"

A Livingston County Class "A" Championship, Oakfield Christmas Tournament title, and sectionals combined to make the 1971-72 Varsity Basketball season one of the most productive in several years.

Seniors, Quentin Call and Dan Hackett along with Juniors, Wayne Alexander and Doug Kibler, and Sophomore Randy Hackett turned in outstanding performances and averaged three players scoring in the double figures each game. Coach Longhini and the Knights gave many hours of practice toward a 15-2 record and the best season at LeRoy since 1963.

The purpose of any JV team is to give the players the fundamentals and experience necessary for Varsity competition. Directed by first year Coach Reed, the Junior Knights accomplished this end. LeRoy's trademark during most of the season was their uncanny way of cutting insurmountable deficits into close contests. The aggressive board play of Glenn Hawn and John Scanlan; the scoring punch of John Longhini, Rob Mortimer, and Tim McMullen; and a bench capable of replacing any starter with ease were the factors leading to a 10-7 record.

Our matmen compiled an unsatisfactory 4-7-1 record. Coach Brooks was faced with a team that had very little experience, but is confident that future years will improve for LHS wrestlers. The mainstay for the Knights was Paul Wallace who had a 11-0-1 record in dual meet competition in weight class 145. Three others also made it to Section V competition as a result of their performance in the County Meet: Dave Shaugnessy, at weight class 138, Steve Mancuso at weight class 177, and weight class 155 was represented by Steve Hall.

Varsity Baseball

Although the Varsity record was unimpressive, the 1971 team gave their opponents rugged competition. The Knights battled against the Dansville Mustangs for the Livingston representation to the sectionals but lost by an 8-4 decision. Coach Jay has a very optimistic outlook for the 1972 campaign as all players are eligible to return. Premier pitchers and a balanced attack should prove strong in the L.C.A.A. this year.

Girls Join Track Team

The addition of seven girls brought a new appearance to LeRoy's 1971 track team. Under the direction of Coach Donald Santini the entire team worked actively to prove a challenge to their opponents. Although the 4-11 record was not too impressive, the 880 team brought LeRoy a first place in the Batavia Relays.

Such outstanding members as Doug Kibler, Craig Bower, Greg Humphrey, and Sally Reamer should lead 1972's Cindermen to a much improved record.

Duffers Successful

The golf team placed second in the Livingston competition with a 6-3-1 record. Caledonia proved to be the primary menace and the best the duffers could do is tie. Team members were Art Aramino, Dave Klinkbeil, Carl Kruger, Bob Hawn, Jim Barber, and Gary Hunt.

Tennis 1971

Tennis has been steadily growing as one of America's more popular spectator and participation sports. At LeRoy it is a relatively new interscholastic sport, having started in 1967. The beginning of the tennis season found a new coach, Mr. Ron Merrill, with only one week to prepare for the first match. As time progressed, the team showed good potential in wins over Wayland, York, and Dansville. Sandy Smith and José Gutierrez, our foreign exchange students, were the first international doubles players in the league. Others participating were, Ted Hicks, Chuck Wolfe, Bruce Bell, Carl Hicks, Rich Klinkbeil, Gail Elmore, and Barry Stockdale, the captain. The season ended with a record of 3-6.

Injuries plague harriers

Ever thought About the dude that places last? He RAn eQuALLy as far and is as BeAT as the Winner. NoBody seems to care! Well, man. Mayle Next WEEK i will come in next to LAST!

The Cross Country Team suffered three opening defeats and then a rash of injuries resulted in the suspension of the season. Although having to forfeit their remaining meets, the harriers were inexperienced and it is hoped that many of this team will return again in '72. Jim Ellison led the squad as he surpassed every record time set by Tom Burrell in the '69-'70 season.

Sportsmanship Spirit Enthusiasm

Without a leader a group quickly loses its enthusiasm. The 1971-72 cheerleaders focused their goals on keeping Le Roy's spirit from dwindling. Under the direction of their advisor, Mrs. Lockwood, the squads worked diligently and enthusiastically not only to bring out the school spirit in each student, but also to maintain a high standard of sportsmanship throughout the student body. Pep assemblies and car and bus paints were frequently sponsored by the team in order to promote school spirit. The cheerleading season was climaxed by participation in the annual C.Y.O. competition, in Rochester, where they competed against squads from area schools.

"Be yourself . . . but be your best self. Dare to be different and follow your own star."

We, the Class of 1972, chose this motto as a guide to success during our senior year as well as our entire life. We knew that we had to work together as a unit in order to have a successful year, but we also felt that the individual was very important. It takes courage to make one's own path instead of following in the footsteps of others. Everyone realized that if we only made one small imprint on the school, then our time spent here would have been worthwhile.

Also, as the year came to an end, many imprints were left upon us. We shall always remember the major events of the year such as: frantically "dishing out" hamburger in the football stand, making meatballs for the Spaghetti Supper, tending a booth at the carnival, and the lengthy bus ride during the Senior trip. There have been many minor incidents as well, like the sound of laughter in a classroom, the chaos of a class meeting, and the petrified faces while receiving "shots." Some have been forgotten and lost in the turmoil of the year. Many others have been added to our list of memories to be reflected upon and cherished by us forever.

A Panamanian speaks . . .

To LeRoy High School:

An AFS student awaits the experience of spending a year away from home with mixed feelings. Anticipation, excitement, and a little bit of fear are included. My fears were soon forgotten though. The people of LeRoy were so warm and friendly that I soon felt like a part of the school and the community.

I will always remember the different activities with all the students — working, playing, and especially the parties!

Of course, the snow was different for me. It is something that most of you take for granted. For me, it was quite an experience. I loved it, except the slippery ice!

I hope that all the LeRoyans continue being as friendly with people from other countries. The goal of AFS is friendship between people of different countries. LeRoy has certainly fulfilled this goal. Thank you everyone in LeRoy.

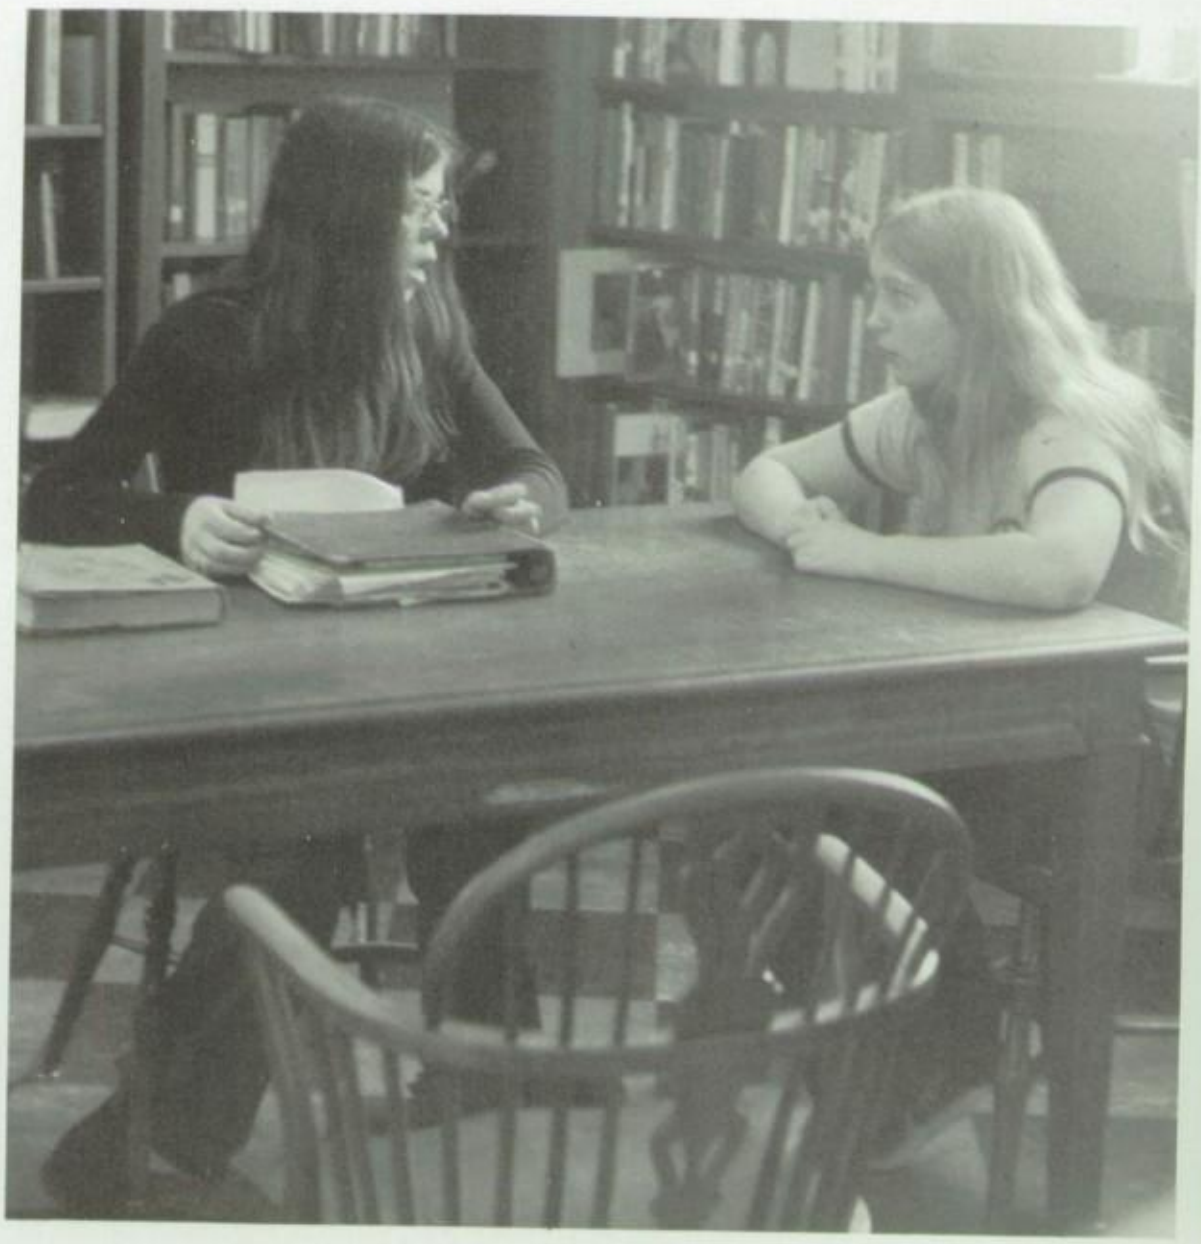
What a mess!



Really?

In Appreciation

Teacher, coach, advisor, politician. **Mr. Joseph Mangefrida,** has spent the thirty years of his teaching career at LHS, and was not just a teacher, but much, much, more. Although he has ocassionally taught in the science department, his major field was industrial arts. While many classes have known the wisdom of his advice, his interest in sports — as a tool in developing the character of young men — has been evident each time he coached an athletic team. Interscholastic football and baseball teams have been under his direction, in addition to the All-LeRoy football team.

Mr. **"Mange,"** as he is well-known, is one of the men who was instrumental in organizing Little League Baseball in LeRoy. He has also demonstrated his genuine concern and profound dedication to young people by supervising the summer recreation program in recent years. He has also served as village trustee for two terms.

We, in the school, will miss him very much. It is with great pride and much gratitude for years of service that we honor **Mr. Joseph Mangefrida** and wish him well in his retirement.

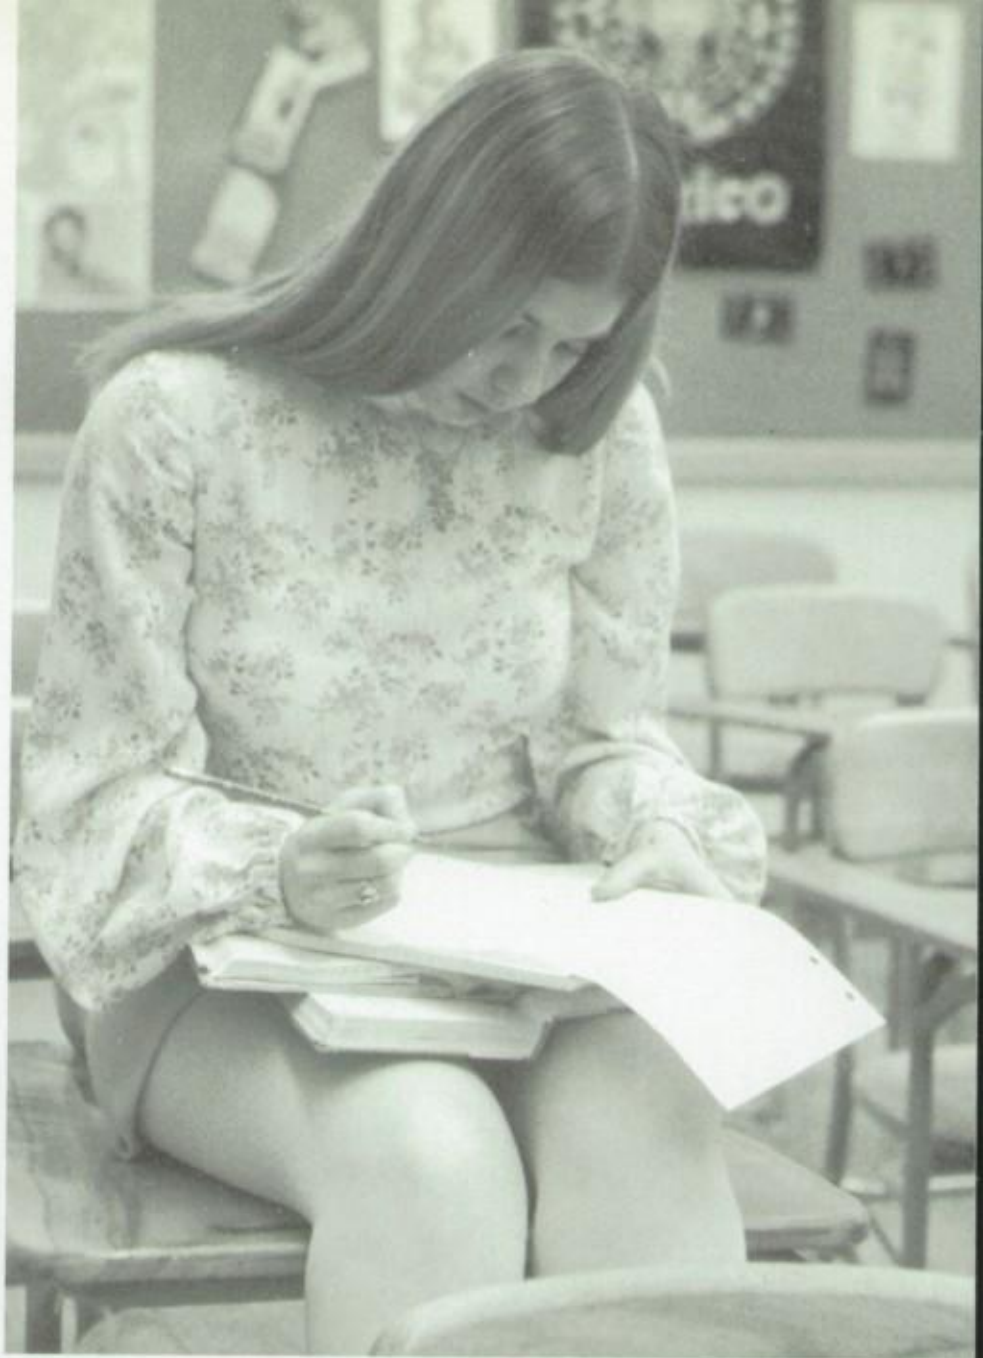
Mr. "K"

Epilogue



As I close this book, not only does the book end, but also does a segment in my life and the lives of my classmates. In the past year, I realize many things have transpired. I may or may not show it on the outside, but my internal feelings have changed greatly. I have gained a feeling of accomplishment — the **O-AT-KAN** is finished.

When my job first began back in '71, I saw endless work, 192 blank pages, new faces on the editorial staff, and no idea of what lay ahead of me. Things began to take form, and I soon found Mr. Klingensmith was ready to be of assistance whenever I needed him.

It's unbelievable how fast the time flew — the crises, the work, the confusion . . . the fun. I can now step back and look at this with amazement and a great deal of pride.

The people I had to impose on throughout the year: the faculty, the administration, Varden's Studios, and Taylor Publishing Company, were more than generous and patient. I am particularly indebted to my editorial staff. They will never know how grateful I am for their cooperation. My family has been an invaluable asset throughout this whole affair and offered their assistance and counseling often. Most importantly, I thank God for allowing me to live and work with such fantastic people.

The **1972 O-AT-KAN** is no longer mine or the staff's. It is now yours and the school's. I hope that it will be pleasing to all, but I know that this is an impossibility. You may criticize or praise it: but my feelings will never change about it. I hope I have made this past year one of "memories of tomorrow" for you as it has been for me.

erry,

o the guy, I
(lways see in the
hall messing around, or
flipping coins with Mr. Simon,
Good Luck in your out of
School years. Have a good haircut
in the Navy, it will even be better
than mine was.
